WHEREAS, Soleste Alameda II LLC, hereinafter referred to as "owner", as owner of the real property described in the attached Exhibit "B" hereinafter referred to as "Parent Tract" has submitted an application for SPECIAL USE PERMIT FOR PLANNED DEVELOPMENT # 2017-003, together with a site plan of the proposed development plans, showing certain subdivision improvements which the owners covenant and agree to make; and

WHEREAS, said owner has agreed to the terms and conditions set forth in this resolution in consideration for the granting of the site plan approval.

NOW, THEREFORE, BE IT RESOLVED by the City Commission of the City of West Miami as follows:

Section 1. In consideration of the foregoing, Owner is hereby granted SUPPD # 2017-003 of the above described Parent Tract located and being in the City of West Miami, County of Miami-Dade, State of Florida, on the following terms and conditions:

- A.) A "Public Hearing" was held on October 24th, 2017 and rescheduled for technical reasons on November 13th, 2017 before the Planning and Zoning Board. During the hearing the people expressed their views on this project and relevant suggestions and ideas for cohesion of the project with the Soleste Alameda I project and with the residential neighborhood to the south of the project. After hearing all the views of the public and responses from the attorney for the development and the owner/developer the Planning and Zoning Board made a motion to recommend the development with the below stated items with a favorable recommendation to the City Commission. On November 15th, 2017 a "Public Hearing" was held at the West Miami City Commission Chamber to hear views and concerns of the area property owners. The development was presented and different views and questions were expressed the attorney for the developer explained and answered questions about the project.

- B.) The review of the proposed "Special Use Permit for Plan Development" a 90 unit residential mixed use project consisting of an eight (8) story mixed Use building with two (2) stories of off-street parking plus one underground parking level and surrounded by a five (5) story building with residential units towards the residential street of SW 9 Street and SW 63 Avenue.

The building requirements are as follows:

Retail commercial use Floor Area Ratio (FAR) = $3.0 \times 13,395 \text{ sq. ft.} = 40,185 \text{ sq. ft.}$

Rear Parcels use Floor Area Ratio (FAR) = $2.5 \times 11,875 \text{ sq. ft.} = 29,687 \text{ sq. ft.}$

Proposed FAR 69,872 square feet

Proposed building is 69,872 sq. ft.

Eight stories mixed use in the front parcel and five stories of residential in the rear parcel with three stories of off-street parking as proposed.

- C.) The front building elevation shows a nine feet nine inch (9'9") setback on the North property line, no front setback is required.
- D.) The rear of the building is setback 8 feet 5 inches (8'5") to the garage building wall and no setback is required. The west side of the building is setback eight feet and eight inches (8' 8") from the property line on SW 63 Avenue and the building is setback two feet eight inches (2'8") inches from the east property line. The developer has relocated the trash collection to the western end of the property running parallel to SW 63 Avenue. This will allow for the collection to be performed from the delivery dock area inside an enclosed area and therefore shielded from the residential areas to the east.
- E.) The building is across SW 9 Street to the South and no setback is required on the south property line abutting the "R1" residential homes across the street on SW 9 Street. An eight (8') feet Decorative CBS fence wall is required on the East side of the development along the property lines which abuts the "C" Commercial and "R5" Residential District to the East with no openings to the property. The overall height of the building is 90 feet and is within the 95 feet height restriction.
- F.) The parking provided is 156 and exceeds the required amount of 146 parking spaces. Parking spaces shall be nine (9') feet by eighteen (18') feet in size for standard vehicles and Handicap parking spaces as required by Florida statutes.
- G.) The ramp access to the parking areas are on SW 63 Avenue shall be gated to prevent public access to the private parking garage and shall have all public areas recorded and monitored with surveillance equipment twenty-four hours a day, seven days a week including holidays.

Landscaping:

- I.) Landscaped area is shown at 2,739 square feet of the site and the City Ordinance 282 requires 10% for all developments of one (1) acre or more, the required landscape is 2,527 square feet. Landscaping as provided meets required and the massing of trees, plants and palms meet our requirement. The City will mitigate the removal of the specimen trees from the adjacent parkway areas surrounding the subject property. Trees shown on elevation renderings must be of same height and caliber when planted at the proposed project site and as indicated by the Director of Public Works.

Traffic Study:

- J.) The traffic study provided indicates no adverse effects to the surrounding roadways. The City engineers have been provided a copy of the traffic study and they have verified the information provided by "RGA" Engineers. The parking access to the building is allowed only from SW 63 Avenue. The delivery of merchandise or movers with trucks will have access from SW 63 Avenue delivery bays only within the normal worked day times allowed. All agencies having jurisdiction shall have the right to review the proposed project. TYLIN Consulting Engineers is in agreement to with the proposed entrances and delivery areas as proposed from SW 63 Avenue. Any additional costs for the review and inspections by our consulting engineers will be paid by the developer.

Public Works improvements:

- K.) All right-of-way swales surrounding the proposed project and across the project shall have a curb and gutter along the edge of road way and shall be sodded and densely landscaped to match the development. All parking along the right-of-way swales of SW 9 Street that exists at the present time between the project boundaries shall be remain. All parkways across form the development shall be sodded and landscape to match the development.
- L.) Applicant will be required to construct all improvements per FDOT and Miami Dade Standards as required and shall reimburse the City for expense relative to the project oversight by the City Engineer.
- M.) Existing sewer laterals have capacities for the new building and any additional improvements to the system shall be borne by the developer.
- N.) Storm Water for this property shall meet current storm water run-off ordinance for the entire property.

- P.) Lighting shall meet Miami-Dade County and City of West Miami off-street

parking ordinance. Any light spillage to the residential properties to the south shall be shielded at the expense of the developer.

- Q.) Any streets surrounding the development that are damaged during construction shall be completely milled and overlaid at the end of project as directed by the Public Works Director. The roadway SW 9 Street and SW 63 Avenue shall be completely milled and overlaid per MDPWD standards for local roadways as part of the design.
- R.) All sidewalks surrounding project shall be six inch, 3000 psi concrete sidewalks in a color or pattern to be selected by the City.
- S.) Irrigation and Landscape of all right-of-way swales shall be as directed by the City's Public Works Department.
- T.) All City impact fees for GSA, Police and Sanitary Sewers will be paid by the developer prior to zoning approval being issued. Any other governmental agencies having jurisdiction shall have the right to review, collect impact fees and developer shall be required to pay and meet all concurrency requirements.
- U.) Any fees for review, inspections and certifications by the City Engineers shall be the responsibility of the developer or agents. Any omission from this review does not relieve the developer from its responsibility to provide details and pay all associated costs.
- V.) The review by Planning and Zoning Department has determined that the proposed "Special Use Permit for Plan Development" of an eight story mixed use commercial building at 6290 SW 8 Street, is within the intent of Zoning Ordinance 282 and the 2000 and 2005 City of West Miami Comprehensive Plan and meets current ordinance 2014-01. This development provides for mixed use commercial and residential on the perimeter of the City's corridor as indicated in the Comprehensive Plan and provides for off-street parking for the commercial use while maintaining the restrictions in the City's Comprehensive Plan.
- W.) Developer shall reimburse the City for all administrative, legal and engineering costs incurred by the City in conjunction with this proposed developments.
- X.) Owner shall provide detailed plans for the construction of proposed development depicted on the plans submitted under SUPPD # 2017-003 heretofore submitted to the City, prior to issuance of building permits for improvements.
