SIGN PERMIT APPLICATION PROCEDURE

All applications for a sign permit must be submitted to the Planning and Zoning Board for approval. Your application will be reviewed for compliance with Zoning Ordinance 282 before it is placed on the agenda of the next Planning and Zoning Board meeting. The Board will review the sign application as to size, shape, color and design as they pertain to compatibility and suitability to the surrounding area. In addition to this City permit, all signs other than painted window or wall signs require the appropriate Dade County permits.

All applications for a sign permit shall, at the time of filing, be submitted with the following requirements:

1. A plot plan/location drawing of entire property. For detached signs the parking spaces must be shown. The plan must be at a scale not less than one inch equals thirty feet (1" = 30').
2. A plan of the entire building depicting existing signs. This must be at a scale not less than one-eighth inch equals one foot (1/8" = 1').
3. Elevation drawings of proposed sign as it will appear on building or property (i.e. pole sign)
4. Seven color copies of a drawing of the proposed sign to an exact scale of three quarter inch equals one foot (3/4" = 1') or larger.
5. Photographs of existing buildings showing all elevations.
6. Material and exact color samples of proposed sign.

Incomplete applications will not be processed for the meeting agenda.
